- C. **Introduction of guests:** No guests.
- D. **The Land Use and Acknowledgement:** No longer a practice to read the land acknowledgement.
- E. **Public comment:** No public comment
- G. **Old business:** No old business
- H. **New business:**
1. Finalization budget request:
 - A. **CAB:** Total Score: 18/25
 - i. Jared: like to see more data about if there are new participants, and how long the participants stay in the event which can make sure how much their interests are. CAB held is mostly hosted by the students and involved by them the most.
 - ii. Helena: Would like to see more data included. which makes me grade them 3 points. Hope the volunteers and workers in the events are being created and planned from student leadership but not students in general.
 - iii. Ryan: Gave lower grade because some part of the data is unclear and still not too open for students in general.
 - iv. Allie: They have lots of cultural programs.

- v. Lorena: They are not very academic and focus more on the events and activities.
 - vi. Bridget: The question is if those events really help students succeed in the long run. Not sure if the students really make the decisions and host the events every single day and not sure if most of the students know that CAB exists. have so many events in the atrium and hallway.
- I. The meeting was adjourned at 2:00PM.
